

# The Champaign County Board of Developmental Disabilities answers your questions!

## First in our series:

### What do my local tax dollars pay for?

The Champaign County Board of Developmental Disabilities funds all providers of service for people with developmental disabilities.

We fund the following private providers of day support services:

- **Our Town Studios**—operated by Creative Foundations
- **CRSI**
- **Downsize Farm**
- **Excursions Unlimited**
- **Goodwill (Miami Valley)**
- **Lawnview** — operated by PCS
- **Strive**—operated by CRSI
- **Vision Mentors**

(Funding for providers is approximately 40% local dollars and 60% federal dollars.)

We also fund the following private providers of residential services:

- Consumer Support Services
- Continental Home Health Care
- CRSI
- Creative Foundations
- Downsize Farm
- Goodwill (Miami Valley)
- High Point Home Health
- IHS Services
- Respite Connections
- Stepping Stones

Services delivered by independent providers are also funded by the Champaign County Board. Information regarding all service providers is available on our web site ([www.champaigncboard.org](http://www.champaigncboard.org)).

Local dollars also support the staff who monitor the quality of services delivered by all providers, develop the plan of support for each person, and ensure the health and welfare of all people with developmental disabilities.

Additionally, the county board provides Early Intervention services for children from birth to age three.

The services of a Developmental Specialist, Speech Therapist, Occupational Therapist, Physical Therapist, and PLAY Project Coordinator are available for each child based on need.

We are always happy to answer your questions. Questions can be submitted to: [contactus@champaigncboard.org](mailto:contactus@champaigncboard.org) or call us at 937-653-5217.
